

# "Adopt-a-Mattress" Campaign

Dear Brethren,

Great strides have been made to maintain and improve the Frog Road Camp facility in the last few years, but there is still much to do. One of the most glaring and practical needs of the camp is found in the mattresses that our campers and staff sleep on each summer. The mattresses currently in use are a mix of second mattresses, army surplus cots, and some the origins of which we'd rather not know! The most recent mattress upgrade a few years ago allowed us to replace some but not all of the oldest mattresses. This year, we are hoping to make a complete overhaul of all but the most recently purchased mattresses so that sleeping at Frog Road is not only comfortable but also healthy.

The success of this important goal depends upon you! We invite you to participate in our first ever "Adopt-a-Mattress" Campaign. You can donate individually or as groups to this cause, and every little bit helps. Having contacted area retailers, the best available price for a standard innerspring twin mattress is in the \$70 price range. While we hope to be able to negotiate this down by buying in bulk for a non-profit group, we are using that price as our guide. Every \$70 in donations received means one more old mattress goes to the dump and one new mattress can be purchased for our campers! How much can you help? \$25? \$50? An entire mattress for \$70? Could you "adopt-a-bunk" for \$140?

Make checks payable to "FROG ROAD CHRISTIAN CAMP" and mail them to:

**Frog Road Christian Camp**  
**PO Box 333**  
**Cushing, OK 74023**

Please indicate on the check that the funds are for the "Adopt a Mattress" Campaign. Any donations that are not earmarked are also welcome and will be put into the general fund that is used to operate the camp. We thank you for your support!

On behalf of the board,

Benjamin J. Williams, Vice President
